REALMARKET

RealMarket allows a simple and transparent way for **common people**, who do not have expertise in financial affairs, to **invest** in a broad spectrum of projects and businesses.

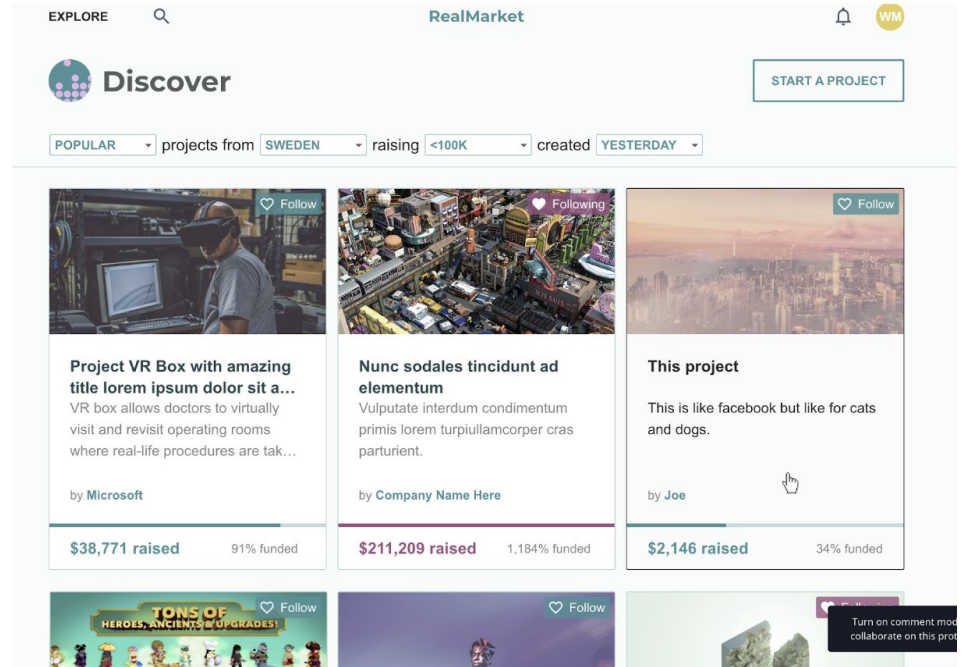

At the same time, it offers entrepreneurs access to a **large audience of potential investors** who can invest money, knowledge, or assets in their projects.

REALMARKET

RealMarket is an **online platform** which enables **trustless global cooperation** on **diverse projects** and connects investors, entrepreneurs, manufacturers, consultants, businesses, and consumers.

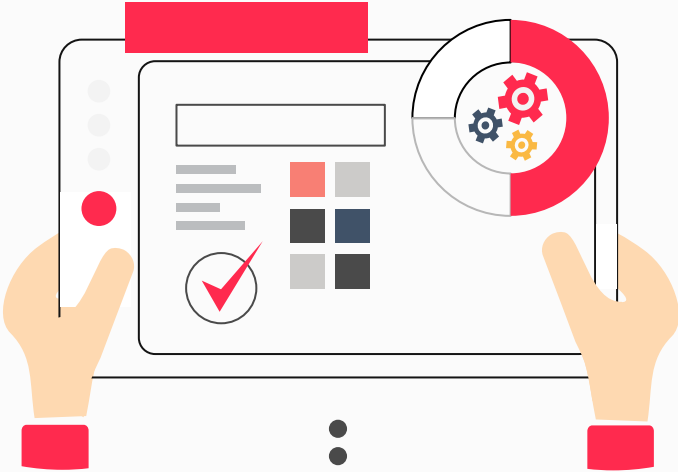

It offers a **decentralized market** with a transparent flow for collaboration of everyone involved in the process of production and supply chain, which can be repeated in loops.
